**Subject:** RI revised Section 10 and executive summary

Bob, Jim, and Gene,

Attached are Sections 10.1 and 10.2 of the RI. During our call on 1/9, EPA revised the text as we all agreed on each proposed revision, and those changes are available when viewing in revision mode. Also, as we discussed, we made some (presumably minor!) revisions to the text in Section 10.2 regarding the summaries of the BERA conclusions. These proposed revisions weren't available to the LWG prior to our call, and thus you haven't yet had a chance to review them. We all agreed that I would forward all this by COB today for your review. We also discussed providing EPA's revisions to the executive summary, and we've provided that as well.
